# AUIS CAREER FAIR 2022

APRIL 14 | 9:00 - 2:00

Please do not use personal wifi devices during the Career Fair as they interfere with the University's network.

Kindly connect to the Career Fair network from your device instead.

For any IT assistance, please visit the registration desk outside the conference hall.

## **ABOUT THE CAREER FAIR**

The annual AUIS Career Fair is a unique opportunity for students, alumni, and members of the community to engage with recruiters and representatives from the country's most sought-after companies and organizations. The 2022 Fair features some 35+ sponsors and exhibitors from the private and public sectors, representing a wide array of internship, employment, and networking opportunities to help job-seekers jumpstart their careers.

***WE THANK YOU FOR  
CHOOSING TO BE PART OF  
THIS EXCITING EVENT!***

AUIS WOULD LIKE TO EXTEND A SPECIAL THANKS TO  
THE CAREER FAIR'S GENEROUS SPONSORS

## SPONSORS

Asiacell is a leading provider of quality mobile telecommunications and data services in Iraq. Asiacell was the first mobile telecommunications provider in Iraq to achieve nationwide coverage, offering its services across all of Iraq's 19 governorates including the national capital Baghdad and all other major Iraqi cities. Asiacell's network covers 99% of the Iraqi population which makes its national coverage the widest among the mobile operators in Iraq.

Dilnia Insurance company is an Iraqi general insurance company. It holds a license from both the Iraqi Diwan of Insurance and the KRG.

Halabja Group Companies was founded in 2006 by Mr. Aso Mohammed Ali Bamoki. Halabja Group is a consolidated multi-sector group of companies that has been operational in Iraq since the 1980s. The headquarters is in Sulaymaniyah, Kurdistan Region of Iraq; the company has branches in Baghdad, Erbil, Basra, Duhok, and Zakho as well as overseas offices in the UAE, Turkey, and China.

Halabja Group is operational in the construction, real estate, telecom, general trading, building materials, agriculture, education, banking, and retail sectors to advance the parts that the company operates in, by investing in developing human capacity, the latest technology, and modern business practices, as well as the commitment to strong work ethics.

Halabja Group also believes that the demands and requirements of customers and partners should not come at the cost of the environment, which is why environmental conservation and development is considered highly in all projects and business that the company invests in. With the guiding principle of "for people and the environment" Halabja Group has mobilized its assets to support the economic infrastructure of the country in the time of increasing employment in the local labor market.

iQ is an Iraqi company that was founded in 2005 with a mission to bring unparalleled internet access and speed to Iraq. With our full range of high-speed internet services, iQ is proud to be the leading internet provider in the Kurdistan region. Whether to stream a video, take their start-up to the next level, or set up the next tech breakthrough, our technology services have enabled millions of Iraqis to access the Internet and connect with the rest of the world. iQ is progressive, innovative, collaborative, liberal, driven, pragmatic and tolerant. These values embody the core of who we are and what we want: to enable Iraqis to be the best and most heightened version of themselves. Our mission is to provide the best technology-based tools and create a pathway to infinite possibilities for the people of Iraq to unlock their full potential, both individually and as a tethered society. Our vision is to create new opportunities for Iraqis and remove the endless bureaucracy that plague most of our institutions by inspiring Iraq's current and future generations to become the leaders of an everchanging and progressive country that best-resembles them and help usher in the new era of Iraq.

We work to international standards and follow a strict code of ethics. We approach all our projects in a methodical manner and study carefully their long-term viability. Hiwa Rauf for Investment and Development (HRID) aims to create long lasting and sustainable development in the commercial, hospitality and residential sectors. Our company's vision is to become a leading investment corporation with excellent standards and outstanding results. We provide an environment where individuals can make the most of their talents in a competitive environment. Our team of graduates from international and Iraqi universities were picked for their academic excellence and enthusiasm, all of whom have undergone training so that they understand the ethos of hard work and high standards championed at HRID. They work alongside with international and regional team members and benefit from their wider range of experience. We understand the importance of investing in our human capacity and regularly offer our staff training and personal development opportunities.

## EXHIBITORS

Achievement Institute offers courses for all school subjects and engineering courses. This Institute has been established since 2019. From that year onwards, it has served lots of students in all of the three major courses offered that have been mentioned before and has given them a lot of advantages. Also, many people worked at Achievement, where they gained many benefits and had a friendly and comfortable work environment. It was a really good opportunity for fresh graduates with a bachelor's degree for some positions to gain work experience. Moreover, the aim of the Institute is to be a good learning environment to strengthen the skills of students in their subjects as well as a place to provide job opportunities for young graduates with the ones who have experience in their fields and in teaching; the Institute also offered positions for students who are still in university to work as volunteers in order to learn and develop themselves and gain work experience.

Korek Telecom is the fastest growing mobile operator in Iraq. We offer the largest and most reliable mobile network. Our network covers the entire country and its cutting edge technology ensures we match the best network quality with best in class services. Serving the 18 provinces of Iraq, Korek offers a comprehensive range of wireless communications services bringing the freedom of mobility to consumers, businesses and government users. Employing the most sophisticated GSM technology, Korek's main differentiator is providing customers with the best quality network and services with best value. Korek Telecom is a shared limited company registered in Iraq to operate and provide GSM services. Korek started operating in Iraq in year 2000, notably in the north of Iraq and it is the oldest Iraqi Telecom company. On August 17th, 2007 Korek was awarded a nationwide mobile license and Korek is now covering a total population of more than 32 million inhabitants.

Kurd Genius School is a private and professional school that teaches in English and cares about high-quality education.

Kurdistan Save the Children (KSC) is a non-profit, non-governmental, non-political and non- religious local organization founded in 1991. Kurdistan Save the Children exists to improve the quality of a child's life regardless of race, gender, ethnicity or religious affiliation in Iraq in general and Kurdistan Region of Iraq in particular.

Lezan is a Slemani-based start-up which wants to help build a bridge between employers and future employees. Our mission is to empower individuals to take agency of their own lives while at the same time help businesses retrieve the right talent available. We want to make it easier for applicants to get an overview of what jobs exist here in the region and make it easier to approach companies. While at the same time making it easier for employers to be contacted by the right type of employees for their organizational needs. Lezan uses filters to enable those who are looking for jobs to be able to navigate through the vast number of jobs that otherwise would have been lost to them due to them either not being seen when posted in a chat or often just out of reach. Now connecting with companies has never been easier in the Kurdistan and Iraq region.

MSELECT is the most trusted regional provider of recruitment and staffing solutions. Widely recognised as industry experts, our end-to-end services reflect the highest possible standards of service, and provide a market-leading community of tested and qualified talent.

Our clients enjoy the benefits of our local market insight, strategic guidance, and legal and regulatory security, working with dedicated teams based in our international offices.

Protecting Animals of Kurdistan Organization (PAKO) is a non-governmental, non-profit organization. Our aim besides helping animals is to educate the society about animal rights and welfare.

Preemptive Love is a global community of peacemakers working to end war and stop the spread of violence. We do this by living and working in polarizing conflict zones, providing emergency relief to families persecuted by terrorism and violence, jobs for displaced families and community building. For the tens of thousands victimized by conflict, they don't need a hand-out, they need a hand-up. We change the way the world engages in polarizing conflict by empowering victims and turning them into small business owners, employers, and sustainable sources of revenue and hope for their families and the local community. We do this through building relationships and once their businesses have started we follow up with them to make sure things are running smoothly.

Rwanga Foundation is a non-governmental organization, which envisages a world where quality education is accessible for all. Its mission is to provide services, build capacities and design policies to ensure easy access to education for all and improve the overall educational standards in KRI, Iraq and the greater global community. Rwanga's strategic goals are to develop platforms for youth to discover talents and fulfill their potentials, introduce the latest technology, including e-learning system to the education process in order to meet the advanced international standards, create a culture and passion for learning in particular among the youth. Rwanga Foundation's Headquarters is based in Erbil. It officially launched its activities in September 2013 to conduct projects and activities all over Iraq through its four main sectors of education, youth, environment and vulnerable groups.

SHOPASAR

Aiming to be one of the leading actors in the national entrepreneurial and innovation ecosystem Takween Accelerator provides equity-free seed capital, intensive training programs, international mentorship, and access to investors and ecosystem partners.

When you think of food delivery in the MENA region, we'd be pretty surprised if talabat didn't pop into your mind first! Since delivering our first order in Kuwait in 2004, we've grown quite a lot over the past 17 years. Today, we deliver hundreds of millions of food orders, grocery items and other products per year, to our customers in nine countries throughout the region. Our food delivery business works with well over 25,000 brands and almost 50,000 branches, while our q-commerce concept, talabat mart, now delivers groceries to customers in Bahrain, Egypt, Jordan, Kuwait, Oman, Qatar and the UAE in 30 minutes or less! Our customers, our partners, our people, our riders, and the communities in which we operate are at the heart of what we do. In 2020 alone, we facilitated the donation of well over 340,000 meals, and 44,000 medicine donations to those in need, as well as donated over 1.3million euros to charity with the help of our partners and customers. talabat is part of Delivery Hero, the global leader in online food delivery and q-commerce.

TEACHY is an elearning platform where young learners and school students can take live stream classes from anywhere, choose their preferred teacher and select the time of the class.

The British International School of Sulaymaniyah (BIS) is a Cambridge-licensed school that is distinguished by the quality of education. The school comprises 13 years, divided into 5 key stages, in addition to the preschool stage. Children of 4 years of age get enrolled at the preschool while the first year of the primary stage accept 5-year-old children. The school adopts the Cambridge curriculum across all stages and years, which is reviewed and developed annually by Cambridge International to be in line with the academic requirements of the UK schools. At the end of years 6, 9, 12 and 13, students sit for Cambridge International exams. Once they successfully complete year 13, they will receive their A Level exam results and will then be eligible for university admission.

Today's Construction is an engineering office that works in all the fields related to engineering. This office contains some groups of Engineers who work together for those places that they work for. We have many projects and works such as apartments, houses, buildings, offices, etc. We work for the places from the first step of their foundation up until the last step, and the finishing is a major part of their work. We provide fresh graduates, experienced engineers and supervisors with qualified jobs.

Top Mountain specializes in delivering development solutions that integrate economic growth, technology, and governance. Our team members are experienced development professionals that share a passion for promoting prosperity and stability in Iraq.

Upshot is a sales and marketing consulting agency based in Sulaymaniyah. It was founded by two AUIS business alumni in 2019. It provides market research, business plan, digital marketing, branding, providing sales agent, consulting small businesses, and startup business ideas. Upshot works on work quality, creativity, innovation and solving business problems with the help of a qualified and well-trained team. What makes Upshot different from other agencies is the strategy of working for any client types. The plan is supervised by some experienced consultants who are experts in sales and marketing. They are focusing on long-term planning, market research, problem solving, implantation design, and analyzing data. After the team starts gathering as much data as needed, the consultants decide on the whole strategy plan. Upshot provides sales agent teams to the companies which need their product to be consumed in the market. The agents are well-trained and have been through different courses about selling strategies and customer satisfaction. Some companies need more than 10 agents and that offers a great job opportunity. The Agency's slogan is "From the Idle to Ideal," and this is how we work with any clients we have.

With more than a decade of professional experience in the field of ICT, WAN was founded in January 2005. Since then, WAN has been supplying businesses and individuals with equipment from essential network parts such as switches, cables, routers and wireless links to network solutions in order to establish and manage their IT networks.

AMERICAN UNIVERSITY OF IRAQ, SULAIMANI  
زانكوى ئەمىرىكى له عىراق، سلیمانى | الجامعة الأمريكية في العراق، السليمانية

American University of Iraq, Sulaimani (AUIS) is the first non-governmental, not-for-profit, American-style university in Iraq. Founded in 2007 and operated for the public benefit, it is also the first non-governmental university in the Iraqi Kurdistan Region to be accredited by both the federal Government of Iraq and the Kurdistan Regional Government. The only certified member in Iraq of the Association of American International Colleges and Universities (AAICU), the University welcomes students from diverse communities throughout Iraq and the Kurdistan Region.
