Academic Integrity

Academic Integrity is honest behavior in a school setting. Academic dishonesty is any form of deceit, fraud, or misrepresentation in academic work. Examples of Academic dishonesty include using someone else's ideas or words without acknowledging the source, sharing answers to a quiz or exam, and allowing another student to copy your homework. In the AUIS Undergraduate program, there are consequences if a student is caught engaging in academic dishonesty, including plagiarism. In the first instance, the student receives a zero for the assignment. In the second, he or she receives a zero for the course. In the third instance, the student is dismissed from the University.

1. In one or two sentences, please define plagiarism.

2. In one or two sentences, how can a student avoid plagiarism?

3. In no more than three sentences, please describe some of the effects of academic dishonesty (cheating).

I understand what academic dishonesty is and its effects. I will not engage in it as a student at AUIS.
